Сервисные адаптеры для кондиционеров

WAECO ASC-ADAPT

Adapter professional oil and UV additive bottle, ASC 1000

With this adapter, you can give your ASC 1000 A/C service unit an impressive upgrade. The adapter enables you to install the patented fresh oil and UV additive feeding system that is found in our latest high-end A/C service units.

- Adapter that makes it possible for ASC 1000 service units to use WAECO's innovative fresh oil and UV additive feeding system
- Enables moisture-free storage and feeding of fresh oil and UV additive
- Protects compressor from damage and prevents costly repairs

Описание изделия Adapter professional oil and UV additive bottle, ASC 1000

WAECO ASC-ADAPT

Professional oil system adapter, AVL, 3 pieces

WAECO's fresh oil and UV additive feeding system is a highly effective innovation, used in our latest range of premium service units. One of the key benefits of the feeding system is that it keeps moisture out of A/C systems, reducing the risk of damage. Thanks to this range of professional oil system adapters, you can now use the humidity-free feeding system on A/C service units built by other manufacturers, including Robinair and Echotechnics.

- Professional oil system adapter that enables the use of WAECO's humidity-free fresh oil and UV additive feeding system on A/C service units built by other manufacturers
- Innovative storage and feeding system keeps moisture out of A/C systems, preventing damage and costly repairs
- Compatible with AVL service units ADS 110, ADS 120, ADS 130, ADS 130D, ADS 310
- Fits WAECO's professional oil system with 150 ml can
- Sales pack: 3 adapters

Описание изделия Professional oil system adapter, AVL, 3 pieces

WAECO COMP-ADAPT

Connection adapter 1/4" to 1/4" SAE

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

- Connection adapter for hose and coupler
- Connects 1/4" inside thread to 1/4" SAE outside thread
- Compatible with both high-pressure and low-pressure sides of the A/C system

Описание изделия Connection adapter 1/4" to 1/4" SAE

WAECO COMP-ADAPT

Connection adapter, 1/4" SAE inside thread, low-pressure

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

- Connection adapter with 1/4" SAE inside thread
- Features a connection for R134a service quick coupler
- Fits low-pressure side of the A/C system

Описание изделия Connection adapter, 1/4" SAE inside thread, low-pressure

WAECO COMP-ADAPT

Set of 2 retrofit adapters, straight, high-pressure and low-pressure side

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

- Set of two adapters for the high- and low-pressure sides
- Retrofit adapter, straight shape
- Both adapters have 1/4" inside thread

Описание изделия Set of 2 retrofit adapters, straight, high-pressure and low-pressure side

WAECO COMP-ADAPT

Connection adapter, 3/8" SAE inside thread low-pressure

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

- Connection adapter with 3/8" SAE inside thread
- Features a connection for R134a service quick coupler
- Fits the low-pressure side of an A/C system

Описание изделия Connection adapter, 3/8" SAE inside thread low-pressure

WAECO COMP-ADAPT

Adapter 1/4" SAE inside thread x 1/2" ACME outside thread

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

- Adapter with 1/4" SAE inside thread and 1/2" ACME outside thread
- Required for connection to A/C service units RHS-910, RHS-950 and RHS-1050
- Fits the high-pressure and low-pressure sides of an A/C system

Описание изделия Adapter 1/4" SAE inside thread x 1/2" ACME outside thread

WAECO COMP-ADAPT

Connection adapter from female 1/4" SAE to low-pressure R134a

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

- Connection adapter from female 1/4" SAE to low-pressure R134a
- Features a connection for R134a service quick coupler
- Fits the low-pressure side of an A/C system

Описание изделия Connection adapter from female 1/4" SAE to low-pressure R134a

Для хладагента R134a

WAECO COMP-ADAPT

Adapter 1/4" SAE inside thread x 3/8" SAE outside thread

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

-
- Adapter with 1/4" SAE inside thread and 3/8" SAE outside thread
 - Supplied with a matching gasket
 - Fits the high-pressure and low-pressure sides of an A/C system

Описание изделия Adapter 1/4" SAE inside thread x 3/8" SAE outside thread

WAECO COMP-ADAPT

Adapter 3/8" SAE inside thread x 1/4" SAE outside thread

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

-
- Adapter with 3/8" SAE inside thread and 1/4" SAE outside thread
 - Supplied with a matching gasket
 - Fits the high-pressure and low-pressure sides of an A/C system

Описание изделия Adapter 3/8" SAE inside thread x 1/4" SAE outside thread

WAECO COMP-ADAPT

Connection adapter M14-1.5 x 1/4" SAE

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

-
- Adapter with M14-1.5 inside thread and 1/4" SAE outside thread
 - Connector for hose and coupler
 - Fits high-pressure and low-pressure sides of an A/C system

Описание изделия Connection adapter M14-1.5 x 1/4" SAE

WAECO COMP-ADAPT

Connection adapter, 1/4" SAE inside thread, high-pressure

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

- Connection adapter with 1/4" SAE inside thread
- Features a connection for R134a service quick coupler
- Fits high-pressure side of an A/C system

WAECO COMP-ADAPT

Service quick coupler, Renault, high-pressure to low-pressure

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

- High-quality service quick coupler that makes it easy to connect A/C service units to automotive air conditioners – even when ports are in hard-to-access places
- Custom-made coupler for Renault vehicles, e.g. Laguna
- Adapts high-pressure to low-pressure

Описание изделия Service quick coupler, Renault, high-pressure to low-pressure

WAECO COMP-ADAPT

Adapter 3/8" on high-pressure side

Flushing is an important part of servicing an automotive A/C system. By clearing away aggressive substances and contaminants from the refrigerant circuit, flushing protects all parts of the air conditioner from damage, including the core compressor. To help make the process as straightforward as possible, we offer a wide range of flush adapter kits, as well as complementary adapters.

-
- Facilitates connection of A/C service hoses to the high-pressure side

-
- Made of high-quality, durable material to withstand the rigors of workshop use
 - Complements A/C Flush Adapter Kit I (8885300089)

Описание изделия Adapter 3/8" on high-pressure side

WAECO ASC-CPLR

Service quick coupler, Mercedes-Benz SLK, high-pressure, R134a

Space is in short supply in today's engine compartments. As a result, automotive manufacturers are often using concealed areas to accommodate A/C components, which are impossible to access with a standard service coupler. The WAECO AirCon Service range includes a variety of service quick couplers that have been specially developed to ensure you can easily connect to even the most hard-to-reach ports.

-
- High-quality service quick coupler that makes it easy to connect A/C service units to automotive air conditioners – even when ports are in hard-to-access places
 - Custom-made for A/C service on Mercedes-Benz SLK (R171)
 - Extends the vehicle's high-pressure port, making it easier to connect the A/C service unit
 - Approved by automotive manufacturers

Описание изделия Service quick coupler, Mercedes-Benz SLK, high-pressure, R134a

Для хладагента R134a

WAECO NITRO-DETECT

Extension kit for nitrogen leak detector kit, high-pressure, R134a

One way to check for leaks in an A/C system is to use nitrogen gas. This method, which uses differential pressure, is primarily suitable for the initial testing of strongly leaking or even empty systems. The WAECO AirConService range provides professional tools and complete kits for this leak detection method.

-
- Facilitates leak detection with the nitrogen pressure gauge and leak detector (8885400092)
 - Specially designed for nitrogen leak detection on R134a A/C systems
 - Extends the vehicle's high-pressure port to make it easier to connect the A/C service unit

Описание изделия Extension kit for nitrogen leak detector kit, high-pressure, R134a
Для хладагента R134a

WAECO COMP-ADAPT

Connection adapter with seal, for R134a refrigerant bottle

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

- Designed for easy connection of reusable refrigerant bottle
- Fits WAECO's type-tested refillable steel bottle for R134a (8887100008)
- Supplied with matching seal

Описание изделия Connection adapter with seal, for R134a refrigerant bottle

WAECO COMP-ADAPT

Connection adapter from R134a to R1234yf

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

- Connection adapter: R134a to R1234yf
- Connector for hose and coupler
- Fits high-pressure and low-pressure sides of the A/C system

Описание изделия Connection adapter from R134a to R1234yf

Для хладагента R134a, R1234yf

WAECO COMP-ADAPT

Connection adapter from R1234yf to low-pressure 1/4" SAE

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

- Connection adapter for low-pressure R1234yf to 1/4" SAE

-
- Connector for hose and coupler
 - Fits low- pressure side of an A/C system

Описание изделия Connection adapter from R1234yf to low-pressure 1/4" SAE
Для хладагента R1234yf

WAECO COMP-ADAPT

Connection adapter from R1234yf to high-pressure 1/4" SAE

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

- Connection adapter for high-pressure R1234yf to 1/4" SAE
- Connector for hose and coupler
- Fits high-pressure side of an A/C system

Описание изделия Connection adapter from R1234yf to high-pressure 1/4" SAE
Для хладагента R1234yf

WAECO COMP-ADAPT

Connection adapter from 3/8" to M14 x 1.5 mm

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

- Connection adapter for M14 x 1.5 inside thread to 3/8" outside thread
- Connector for hose and coupler
- Fits high-pressure and low-pressure sides of an A/C system

Описание изделия Connection adapter from 3/8" to M14 x 1.5 mm

WAECO COMP-ADAPT

Adapter for R1234yf refrigerant bottle

WAECO adapters ensure you can use your A/C service equipment on nearly all kinds of air conditioners, regardless of the vehicle brand and the type of connection used. Connect with ease.

- Designed for easy connection of R1234yf refrigerant bottle
- Fits WAECO A/C service units ASC 5100 G, ASC 5300 G, ASC 5500 G RPA
- Supplied with matching seal

Описание изделия Adapter for R1234yf refrigerant bottle
