## Комплекты для мастерских по ремонту кондиционеров

### WAECO ASC-FLTR

*Service filter for A/C service units built before 2013*

A high-quality replacement service filter for A/C service units built before 2013.

- High-quality spare service filter for ASC series A/C service units
- Supplied with special connector for easy installation
- Fits A/C service units built before 2013

**Описание изделия** Service filter for A/C service units built before 2013

**Размеры:** глубина упаковки 276 mm

**Размеры:** высота упаковки 88 mm

**Размеры:** ширина упаковки 86 mm

**Вес посылки** 1.36 kg

### WAECO ASC-FLTR

*Service filter for A/C service units, G models*

A high-quality replacement service filter for G Model A/C service units.

- High-quality spare service filter for ASC series A/C service units
- Supplied with special connector for easy installation
- Fits A/C service units built in 2013 or later, including G models (ASC 1100 G, ASC 2500 G and ASC 5100 G)

**Описание изделия** Service filter for A/C service units, G models

# WAECO COMP-HS

*Spare seal for service hoses, R134a, 3/8" x 3/8" SAE*

The WAECO AirCon Service range includes a wide selection of quality service hoses for all applications in A/C fitting and service. There are a variety of lengths and connector types to choose from, and hoses for both R134a and R1234yf types of A/C system.

---

- Seal for A/C service hoses with 3/8" to 3/8" SAE connectors
- Allows you to easily replace a damaged seal
- Made from high-quality, durable Teflon material

**Описание изделия** Spare seal for service hoses, R134a, 3/8" x 3/8" SAE

**Вес нетто** 0.04 kg

**Для хладагента** R134a

# WAECO ASC-FLTR

*Service filter for A/C service units, 5000 series*

A high-quality replacement service filter for A/C service units. Compatible with models from the 5000 Series.

---

- High-quality spare service filter for ASC series A/C service units
- Supplied with special connector for easy installation
- Fits ASC 5000, ASC 5500 G RPA, ASC 5000 G, ASC 5300 G, ASC 5500RPA

**Описание изделия** Service filter for A/C service units, 5000 series

# WAECO ASC-FFLTR

*Replacement filter for universal flush container*

When flushing an A/C system, it is strongly recommended that you fit a chip filter to the suction line in order to protect the compressor. This is especially advisable when you've replaced the

compressor, as the filter will keep any residual particles away from the newly fitted unit. For best results, the filter should be replaced after every flushing process, for each vehicle. This replacement filter is designed for use with the WAECO Universal Flush Containers.

---

- Catches potential contaminants to enable clean and effective flushing of an A/C system
- Protects the compressor – especially important if you've just fitted a new one!
- Designed for use with our Universal Flush Container
- Must-have accessory for all ASC series A/C service units

**Описание изделия** Replacement filter for universal flush container

**Размеры:** глубина упаковки 152 mm

**Размеры:** высота упаковки 58 mm

**Размеры:** ширина упаковки 58 mm

**Вес посылки** 0.35 kg

## WAECO COMP-RKIT

*Spring lock disconnect set, 4 items*

Factory-fitted automotive air conditioners, especially those made by Ford, Volkswagen and Opel, come with spring lock couplers for the quick fitting of refrigerant lines. To release these couplers you will need special tools, which you can find in our WAECO AirCon Service range.

---

- Disconnect tool set for the fast and easy release of spring lock connections
- Releasing and repairing spring lock connections will ensure durable leak protection
- Suitable for Audi, Chrysler, Citroën, Ford, Hyundai, Peugeot, PSA, Renault, Seat, Skoda and Volkswagen cars
- Not suitable for GM, Opel and Vauxhall cars

**Описание изделия** Spring lock disconnect set, 4 items

**Вес нетто** 0.08 kg

## WAECO COMP-RKIT

*SK39, set of original replacement O-rings for French made car A/C systems, 44 items*

Repair work on automotive A/C systems often involves the replacement of small parts such as valve cores, O-rings and plugs. With the WAECO Workshop Kits, you can keep everything you need close to hand. The range includes a diverse selection of essential parts for different vehicles.

Parts come clearly arranged and conveniently organized in metal cases, helping you to maintain an effective storage system.

- Set of custom original replacement O-rings – same quality as the O-rings fitted by the manufacturer
- 44 items, with 12 different designs / dimensions – for compatibility with various French make car A/C systems
- The ideal complement to the SK 31 set of original replacement O-rings

**Описание изделия SK39, set of original replacement O-rings for French made car A/C systems, 44 items**

## WAECO COMP-RKIT

*SK40, set of original replacement O-rings for German cars, 84 items*

Repair work on automotive A/C systems often involves the replacement of small parts such as valve cores, O-rings and plugs. With the WAECO Workshop Kits, you can keep everything you need close to hand. The range includes a diverse selection of essential parts for different vehicles. Parts come clearly arranged and conveniently organized in metal cases, helping you to maintain an effective storage system.

- Set of custom original replacement O-rings – same quality as the O-rings fitted by the manufacturer
- 84 items, with seven different designs / dimensions – for compatibility with various German make car A/C systems
- The ideal complement to the SK 31 set of original replacement O-rings

**Описание изделия SK40, set of original replacement O-rings for German cars, 84 items**

**Вес нетто 0.20 kg**

## WAECO COMP-RKIT

*SK06, set of O-rings for R134a retrofit A/C systems, 200 items*

Repair work on automotive A/C systems often involves the replacement of small parts such as valve cores, O-rings and plugs. With the WAECO Workshop Kits, you can keep everything you need close to hand. The range includes a diverse selection of essential parts for different vehicles. Parts come clearly arranged and conveniently organized in metal cases, helping you to maintain an effective storage system.

- A set that provides all O-rings needed for service work on retrofitted R134a A/C systems
- 200 items, including valves and seals
- Practical workshop case for well-organized storage

**Описание изделия SK06, set of O-rings for R134a retrofit A/C systems, 200 items**  
**Для хладагента R134a**

## WAECO COMP-RKIT

*SK25, set of valve cores, 70 items*

Repair work on automotive A/C systems often involves the replacement of small parts such as valve cores, O-rings and plugs. With the WAECO Workshop Kits, you can keep everything you need close to hand. The range includes a diverse selection of essential parts for different vehicles. Parts come clearly arranged and conveniently organized in metal cases, helping you to maintain an effective storage system.

- Comprehensive set of valve cores – ensures essential parts are close to hand
- Also includes service ports and sealing caps
- Practical workshop case for well-organized storage

**Описание изделия SK25, set of valve cores, 70 items**

## WAECO COMP-RKIT

*SK26, set of orifice tubes, 41 items*

Repair work on automotive A/C systems often involves the replacement of small parts such as valve cores, O-rings and plugs. With the WAECO Workshop Kits, you can keep everything you need close to hand. The range includes a diverse selection of essential parts for different vehicles. Parts come clearly arranged and conveniently organized in metal cases, helping you to maintain an effective storage system.

- Comprehensive set of orifice tubes – ensures essential parts are close to hand
- Comes with a tool for fitting orifice tubes
- Practical workshop case for well-organized storage
- Designed for automotive A/C systems with an accumulator

**Описание изделия SK26, set of orifice tubes, 41 items**

## WAECO COMP-RKIT

### *SK31, set of O-rings for cars, R134a, 654 items*

Repair work on automotive A/C systems often involves the replacement of small parts such as valve cores, O-rings and plugs. With the WAECO Workshop Kits, you can keep everything you need close to hand. The range includes a diverse selection of essential parts for different vehicles. Parts come clearly arranged and conveniently organized in metal cases, helping you to maintain an effective storage system.

---

- Set of standard O-rings – ensures essential parts are close to hand
- Replacement parts for virtually all O-ring connections on passenger car A/C systems
- Practical workshop case for well-organized storage
- For service work on R134a A/C systems
- Suitable for the following makes: Alfa-Romeo, Audi, BMW, Citroën, Fiat, Ford, Honda, Hyundai, Jaguar, Mazda, Mercedes-Benz, Mitsubishi, Nissan, Opel, Peugeot, Porsche, Renault, Rover, Saab, Subaru, Suzuki, Toyota, Volkswagen, Volvo

### **Описание изделия SK31, set of O-rings for cars, R134a, 654 items**

## WAECO COMP-RKIT

### *SK32, set of O-rings for truck and vans, R134a, 330 items*

Repair work on automotive A/C systems often involves the replacement of small parts such as valve cores, O-rings and plugs. With the WAECO Workshop Kits, you can keep everything you need close to hand. The range includes a diverse selection of essential parts for different vehicles. Parts come clearly arranged and conveniently organized in metal cases, helping you to maintain an effective storage system.

---

- Comprehensive set of O-rings – ensures essential parts are always close to hand
- Replacement parts for virtually all O-ring connections on truck and van A/C systems
- Practical workshop case for well-organized storage
- 17 different O-rings (330 items)

### **Описание изделия SK32, set of O-rings for truck and vans, R134a, 330 items Для хладагента R134a**

## WAECO COMP-RKIT

### *SK33, set of plugs for refrigerant lines, 179 items*

Repair work on automotive A/C systems often involves the replacement of small parts such as valve cores, O-rings and plugs. With the WAECO Workshop Kits, you can keep everything you need close to hand. The range includes a diverse selection of essential parts for different vehicles. Parts come clearly arranged and conveniently organized in metal cases, helping you to maintain an effective storage system.

- Comprehensive set of plugs for refrigerant lines – 179 items, including plugs in all commonly used sizes
- Prevent moisture and contaminants from entering the A/C system during servicing work
- Practical workshop case for well-organized storage

**Описание изделия SK33, set of plugs for refrigerant lines, 179 items**

## **WAECO ASC-FFLTR**

### *Replacement filter for universal flush container*

When flushing an A/C system, it is strongly recommended that you fit a chip filter to the suction line in order to protect the compressor. This is especially advisable when you've replaced the compressor, as the filter will keep any residual particles away from the newly fitted unit. For best results, the filter should be replaced after every flushing process, for each vehicle. This replacement filter is designed for use with the WAECO Universal Flush Containers.

**Описание изделия Replacement filter for universal flush container**

**Размеры: глубина изделия 50 mm**

**Размеры: высота изделия 120 mm**

**Размеры: ширина изделия 50 mm**

**Вес нетто 0.40 kg**

**Для хладагента R1234yf, R134a, R513A**

## **WAECO COMP-RKIT**

### *SK44, spring lock repair and disconnect set, 8 items*

Factory-fitted automotive air conditioners, especially those made by Ford, Volkswagen and Opel, come with spring lock couplers for the quick fitting of refrigerant lines. To release these couplers you will need special tools, which you can find in our WAECO AirCon Service range.

---

- Disconnect tool set for the fast and easy release of spring lock connections
- Releasing and repairing spring lock connections will ensure long-lasting leak protection
- Suitable for Audi, Citroën, Chrysler, Ford, GM, Hyundai, Opel, Peugeot, PSA, Renault, Seat, Skoda, Vauxhall and Volkswagen cars
- Practical workshop case for well organized storage

**Описание изделия SK44, spring lock repair and disconnect set, 8 items**

## **WAECO COMP-RKIT**

### *Easy repair set for aluminum refrigerant pipes, 100 items*

Replacing a damaged refrigerant pipe is a time-consuming task. In most cases, it would be much faster to simply repair the defective pipe. This Easy-Repair Set gives you everything you need to get the job done in no time. Simply cut out the defective section with a saw, insert the matching connection sleeve, tighten it and you're done! There's no need for any special tools.

---

- Enables fast, easy and low-cost repair of damaged refrigerant pipes
- No special tools required – just a common saw to cut out the defective section
- Everything you need in one place – no need to search around for individual parts
- Simple adaptation to hose connections
- Includes five compact sets in a sturdy transport box (sets can be taken out individually)
- Spare connectors and pipes can be ordered individually

**Описание изделия Easy repair set for aluminum refrigerant pipes, 100 items**

## **WAECO COMP-HS**

### *Spare seal for service hoses, R134a, 1/4" x 1/4" SAE*

The WAECO AirCon Service range includes a wide selection of quality service hoses for all applications in A/C fitting and service. There are a variety of lengths and connector types to choose from, and hoses for both R134a and R1234yf types of A/C system.

---

- Seal for A/C service hoses with 1/4" to 1/4" SAE connectors
- Allows you to easily replace a damaged seal
- Made from high-quality, durable Neoprene material

**Описание изделия** Spare seal for service hoses, R134a, 1/4" x 1/4" SAE  
**Для хладагента R134a**

## **WAECO COMP-RKIT**

### *Adapter 1/4" x low-pressure side*

The type-tested WAECO REF-BTL refillable steel bottle accommodates refrigerant extraction in gas or liquid form. This 1/4 " low-pressure side adapter enables extraction in gas form. A high-pressure side adapter, for liquid extraction, is available separately.

---

- Connects the WAECO REF-BTL refillable steel bottle to vehicle A/C systems
- Low-pressure side adapter for refrigerant extraction in gas form
- Supplied with a gasket

**Описание изделия** Adapter 1/4" x low-pressure side

## **WAECO COMP-RKIT**

### *Adapter 1/4" x high-pressure side*
