Аксессуары для лучшего обслуживания кондиционеров

WAECO ASC-DC

Dust cover, A/C service units

Most A/C service units come with a dust cover as standard. If yours didn't, or if your current cover is looking like it's ready for retirement, you can order this optional accessory to give your service unit added protection.

- Protects your A/C service unit from dust and dirt
- Optional accessory for ASC 1100 G and ASC 5100 G units
- The perfect option if your current dust cover needs replacing

Модель Dust Cover

Описание изделия Dust cover, A/C service units

WAECO ASC-GLVS

Safety gloves for working with refrigerant and UV additive

Safety is paramount when servicing an automotive A/C system. The WAECO AirConService range includes dependable protective equipment for workshop professionals – from fluorescence-

enhancing glasses for UV leak detection to safety gloves for working with refrigerants and UV additives.

- Allow you to work safely with refrigerant and UV additive
- Protect your hands against aggressive chemicals
- Proven quality – trusted by workshop professionals for decades

Модель Gloves

Описание изделия Safety gloves for working with refrigerant and UV additive

WAECO ASC-GLVS

High-voltage gloves for service on hybrid vehicles

Safety is paramount when servicing an automotive A/C system. The WAECO AirConService range includes dependable protective equipment for workshop professionals – from fluorescence-enhancing glasses for UV leak detection to safety gloves for working with refrigerants and UV additives.

- High-voltage-resistant gloves, offering excellent protection
- For safe and professional work on hybrid vehicles
- Supplied in light-proof safety packaging
- Product complies with EN 60903 and CE 0333

Модель Gloves

Описание изделия High-voltage gloves for service on hybrid vehicles

WAECO ASC-GGLS

UV protection goggles for leak detection

Safety is paramount when servicing an automotive A/C system. The WAECO AirConService range includes dependable protective equipment for workshop professionals – from fluorescence-enhancing glasses for UV leak detection to safety gloves for working with refrigerants and UV additives.

- Fluorescence-enhancing glasses, which filter out blue light to make leaks glow more brightly
 - Glasses protect eyes from harmful UV light
 - Increases visibility of UV dye
-

WAECO ASC-BTL

Used oil container, ASC Low Emission

This patented used oil container was specially designed for our Low Emission service units. These eco-friendly and cost-efficient units collect any refrigerant escaping in the vacuum phase of an air conditioning service in a hermetic, pressure-tight used oil container. The refrigerant is then recovered and returned to the refrigerant tank. The result is a refrigerant loss rate of close to zero percent!

- Patented used oil container, designed for use with our ASC Low Emission service units
- Hermetic, pressure-tight design keeps moisture out of the system
- Ensures no harmful refrigerant emissions can escape into the atmosphere
- Helps our Low Emission units to achieve a refrigerant loss rate of close to zero percent!
- Compatible with all ASC Low Emission service units

Модель Oil and UV Dye Bottles

Описание изделия Used oil container, ASC Low Emission

WAECO ASC-BTL

Bottle set for A/C service units, 2 pieces, 250 ml

This universal bottle set includes two 250 ml plastic bottles, which can be used for oil or UV additive. Fitted with a custom-made coupler, the bottles can be connected directly to your A/C service unit.

- Universal plastic bottles for oil and UV additive
- Fitted with a custom-made coupler for easy connection to ASC series A/C service units
- Sales pack includes two 250 ml bottles

Описание изделия Bottle set for A/C service units, 2 pieces, 250 ml

WAECO ASC-HBLT

Heating belt for charging cylinder, ASC 1100 G/ASC 5100 G

This heating belt helps to charge the required amount of refrigerant into a vehicle's A/C system, even when ambient temperature is high and the engine is hot. It removes the need for manual interference in the process. Available as an optional extra for ASC 1100 G and ASC 5100 G service units.

- Helps charge the required amount of refrigerant into a vehicle's A/C system, even when the ambient temperature is high and the engine is hot
- Fully automatic refrigerant charging – no need for manual interference
- Optional add-on for ASC 1100 G and ASC 5100 G service units

Модель Heat Belt

Описание изделия Heating belt for charging cylinder, ASC 1100 G/ASC 5100 G

WAECO ASC-HBLT

Heat belt, 60 x 350 mm, vertical refrigerant collectors, Ø 13–18 cm

A heat belt reduces the service time on bus and train air conditioners by up to 80 %. Fitted on the lower part of the refrigerant collector, it prevents freezing of the refrigerant during recovery. As a result, you no longer have to wait until the collector thaws naturally to get the remaining refrigerant out of the system. We offer a range of heat belts in different sizes, which are designed to work in combination with our ASC 3500 G LE Low Emission and ASC 3300 G service units.

-
- Reduces the service time on high-volume air conditioners by up to 80 %
 - Fits onto the lower part of the refrigerant collector to prevent freezing of the refrigerant during recovery
 - Available for different collector sizes and mounting configurations (vertical or horizontal)
 - Cuts service costs and customer downtime
 - For use with ASC 3300 G and ASC 3500 G LE Low Emission service units
 - Temperature limiter (60 °C) prevents overheating
 - CE approved for operational safety

Описание изделия Heat belt, 60 x 350 mm, vertical refrigerant collectors, Ø 13–18 cm

WAECO ASC-HBLT

Heat belt, 75 x 482 mm, vertical refrigerant collectors, Ø 13–25 cm

A heat belt reduces the service time on bus and train air conditioners by up to 80 %. Fitted on the lower part of the refrigerant collector, it prevents freezing of the refrigerant during recovery. As a result, you no longer have to wait until the collector thaws naturally to get the remaining refrigerant out of the system. WAECO ASC-UPDT

USB kit, ASC 5500 RPA

This USB kit allows you to update the software of your ASC 5000 RPA service unit. It also enables you to export important data to a laptop or PC.

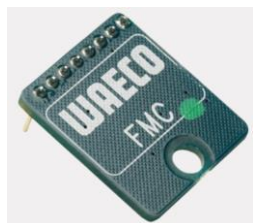

- USB kit for updating the service software and charging amount database
- Can also be used to export important service data to a USB stick
- Designed for ASC 5500 RPA service units

Модель Software Update

Описание изделия USB kit, ASC 5500 RPA

Для хладагента R1234yf, R134a

WAECO ASC-UPDT

Flash Memory Card, ASC 1000 from serial number 110000

If you have an older-make A/C service unit, you can easily update the service software and the charging amount database with a WAECO Flash Memory Card. Specific memory cards are available for all A/C service units built prior to 2015.

-
- For ASC 1000 service units, from serial number 110000 upwards
 - Provides a quick and easy way to update service unit software and charging amount database
 - Database contains 6,000 vehicle data entries, providing information for the most common types of vehicles
 - Also includes charging amount data for truck air conditioners
 - Specific Flash Memory Cards are available for all A/C service units built prior to 2015

WAECO ASC G WI-FI KIT

Комплект Wi-Fi для станции WAECO ASC G с USB-портом

Удобное управление сервисной станцией ASC G с ПК, планшета или смартфона. Получайте отчеты о сервисном обслуживании и создавайте задачи без проблем. Компактный модуль просто подключается к USB-порту сервисной станции ASC G. Встроенное программное обеспечение автоматически создает интерактивный сайт, доступный через любой популярный браузер. Работает в обоих направлениях, принимает отчеты о сервисном обслуживании на цифровое устройство или отправляет задачи на сервисную станцию.

- Простое дооснащение через USB-порт на дисплее станции обслуживания ASC
- Связь с устройствами, поддерживающими Wi-Fi: ПК, ноутбук, планшет, смартфон
- Автоматическое создание веб-сайта, доступного через все популярные браузеры
- Передача данных через существующую или созданную самостоятельно сеть Wi-Fi
- Отправка данных об обслуживании с сервисной станции ASC на цифровое устройство
- Получение задач для сервисной станции ASC с цифрового устройства
- Совместимость со всеми станциями обслуживания кондиционеров серии ASC G
